

# EPR Capacity Building Training Activities Teaser Workshop

Thursday 25 January 2024

14h00-15h30 CET (Brussels time)

Online Meeting (Teams)

## Aims of the Meeting

This workshop brings together EPR members for exploring options for joint training activities on building inclusive organisations, person-centred planning and co-production. We invited experts who will bring along materials and methods designed to facilitate surveys on what is needed to build up an inclusive organisation, mentor cafés as learning places for supporters of the employment of people with disabilities, training to foster the mindset on inclusive organisations, and services for supporting employers in the transition towards inclusive entrepreneurship. This workshop will offer an opportunity to join the preparations for eventual training activities in 2024, including information on EU funding available to co-finance the participation.
