LEARNING AND INNOVATING TOGETHER

Our mission is to build the capacity of our members to provide sustainable, high quality services through mutual learning and training.

OUR EXPERTISE

The EPR community is active in the fields of Prevention and Early Intervention, Medical Rehabilitation, Support and Housing, Social Care, Social Rehabilitation, Vocational Education and Training, Employment, Mental Health, Quality, Outcome Measurement, Empowerment and Co-production, Quality of Life, Assistive Technology, Strategy and Organisational Performance.

OUR ACTIVITIES

We run working groups, task forces, training programmes, expert-led workshops, project development groups, conferences, webinars and more. EPR is a “matchmaker” helping members to identify mutual learning opportunities and supporting the development of tailor-made exchange and training activities.

We organise a mix of online, in-person and hybrid meetings; always ensuring participants are engaged, no matter where they are.

Most activities are completely free for members of the network and there are activities aimed at both managers and professionals.

OUR MEMBERS

EPR is a community of service providers working with people with a disability committed to high quality service delivery. Regular members are private not-for-profit organisations or public organisations in Europe delivering services to people with disabilities, or that support organisations that deliver such services. Permanent Observer members may be from outside Europe or be active in the field of disability, but are not service provider-related organisations.

EPR MEMBERSHIP

EPR has two main types of membership, Regular membership and Observer membership. Observer membership is either a two-year trial period for organisations considering regular membership, or is for organisations that don't fulfil all of the regular membership criteria.

There are five fee levels, dependent on the GDP of the country in which an organisation is based. Observer membership is 50% of the regular fee. Guest membership allows short term participation in activities in order to discover what we offer.
