

EPR 2018 Annual Conference

## **Mutual learning session**

### **Inspiring practices from EPR members and beyond**

#### **Briefing note**

#### **Background**

In line with its mission is to build the capacity of its members to provide sustainable, high quality services through mutual learning, EPR strongly encourages participants of this year's edition of the Annual Conference to actively contribute and share inspiring practices with other key stakeholders in the disability and rehabilitation fields.

This document provides information on how you can present **during the Mutual learning sessions** (11:00 - 12:30 on 21/09/2018).

#### **Topics**

Based on the inputs of the Annual Conference Committee and bearing in mind the main fields of work of the EPR network, we welcome presentations on the following 6 themes:

Theme 1: **Co-production**

Theme 2: **Vocational, Education and Training**

Theme 3: **Employment**

Theme 4: **Independent Living/ICT/AT**

Theme 5: **Mental Health**

Theme 6: **Quality in social services**

#### **What can I present?**

Good practices, national/international projects, models, new programmes, training modules, technological developments/tools, e-learning modules, apps or any other example you think will inspire others to improve their work and/or promote the full inclusion of people with disabilities in society.

#### **Format**

You can decide between one of two formats:

**A) Workshop setting** (up to 4 presenters for each Theme)

You will have up to 15/20 minutes to present, you can use a PowerPoint Presentation. The session will be organised in a dedicated room for your selected Theme. An open discussion between all presenters and the audience (30min) will close the session. You will receive guidelines to prepare your presentation.

Audience: to ensure a minimum level of exchange and interaction, thematic Workshop sessions will be organised starting from a minimum of 10 participants (including presenters).

**IMPORTANT:** please be aware that your presentation will be confirmed before the end of August and you may be asked to present in a speed-dating format in case there are not enough participants for your preferred thematic workshop.

## B) Speed-dating setting

You will have up to 10 minutes to present to a small audience around a table in the main room of the conference. After your presentation, there are 15 minutes for questions and discussion with the group. There will be 3 presentation sessions in this setting. Depending on the number of speed-dating presentations received, you may be asked to present twice but we will ensure you can have time to be a participant of other speed-dating presentations too.

You will receive guidelines to prepare your presentation.
