

handilab

The first **hub** dedicated to disability and loss of autonomy

13.000 m² innovation hub located in the heart of Greater Paris, dedicated to creative solutions for people with disabilities and loss of autonomy

A **unique and collaborative ecosystem** that brings together **8** major companies, **70** start-ups, **1** training center, **1** action-research laboratory and non-profit organizations

The presence of **key innovation stakeholders** operating across complementary sectors

Providing **advanced technical resources and facilities** to support the development, testing, and scaling of projects
