Disability Management Working Group Online Meeting

22 November 2021

14:30 – 16:00 CET

Zoom

Background

EPR in 2021 decided to set up the Disability Management Working Group. Its main objective is to help EPR members working with employers who aim to support their staff facing the impacts of an accident or chronic disease and their return to work. The Working Group will explore service design, service packages, profiles and responsibilities, strategies to address employers, web-based services and marketing in the field of disability management.

The meeting organised on Zoom on 22 November will serve the aim to mutually exchange about the scope of the activities and services offered (or planned) by EPR members in the field of disability management, their development needs and the results the joint work should deliver. It will also allow EPR members to agree about the next steps. The draft agenda uploaded to this page will be still adapted and finalised about a week prior to the meeting.

Participants are encouraged to reply to the four questions shared when filling in the registration form which are taken up in the agenda below to structure the meeting.
